Limits of coverage

Settlement – acknowledgement of liability

You should not accept any acknowledgement of liability, nor any settlement, without our prior and written agreement.

However, simply acknowledging the materiality of certain facts is not considered to be an acknowledgement of liability, nor is the fact of having provided an emergency aid to a victim when this is an act of assistance that anyone would have a moral duty to provide.

You must report to us within 5 working days any event likely to incur your civil liability, unless there is an unforeseen event or a case of force majeure. In the event we suffer a loss as a result of a failure to adhere to this dead line, then the Insured's cover may lapse.

Proceedings

If legal action is taken against you, we will ensure your defence and will supervise the proceedings for the facts and damage which come within the scope of the contract herein.

However, you may join in the lawsuit as long as you can establish a separate interest that is not covered by the contract herein.

The mere fact of providing your defence as a precaution may under no circumstances be interpreted in itself as an acknowledgement of cover, and in no way implies that we agree to be liable for the harmful consequences of events which would not be explicitly covered by the contract herein.

Even if you fail in your obligations after an accident, we are bound to compensate the people to whom you are liable. Nevertheless, in such a case, we retain the right to take legal action against you for the reimbursement of all the sums that we have paid or provided on your behalf.

Recourse

Insofar as the means of obtaining recourse are concerned:

- we are entitled to act without reference to yourself before the civil, commercial or administrative jurisdictions, in relation to the cover provided under this contract,
- before the criminal jurisdictions, proceedings may only be instituted with your agreement,
- if the lawsuit pending before a criminal jurisdiction no longer relates to any interests but civil interests, refusal to give your agreement to the exercise of contemplated legal proceedings entails a right for us to claim compensation from you equivalent to the loss which resulted for us.

Costs of proceedings

We will bear the costs of the proceedings, discharges and other settlement costs.

However, if you are ordered to pay a sum in excess of that of the cover, each of us shall bear these costs in proportion to its respective share in the sentence.

You may send your claim, either:

- by email to: responsabilite.civile@votreassistance.fr
- or by postal mail to:

6/ Basis of the insurance contract

This contract is governed by the French Code des Assurances.

The definition of benefits, pricing and rules of implementation concur with the legislation of the French social security in force at the date of effect of the insurance agreement.

TIME LIMIT OF ACTIONS STEMMING FROM THE INSURANCE CONTRACT

The provisions relating to the time limit within which action stemming from the insurance contract may be taken are set out by Articles L 114-1 to L 114-3 of the French Insurance Code (Code des assurances), as reproduced below:

Article L 114-1 of the French Insurance Code:

Any actions stemming from an insurance contract are time barred two years after the event from which the actions stem.

However, this time limit only starts running:

- 1 In the event of reticence/concealment, omission, misrepresentation or inaccurate declaration of the risk incurred, from the date when the Insurer learned of the said risk;
- 2 In the event of an insurance loss, from the date when the interested parties learned of it, if they prove they were unaware of it prior to that date.

When the action by the Insured Person against the Insurer is caused by recourse by a third party, the time limit for action only starts running from the date when the third party takes legal action against the Insured Person or has received compensation from the Insured Person. The time limit for action is increased to 10 years in life insurance contracts when the beneficiary is a person distinct from the Contract holder and, in insurance contracts for personal accidents, when the beneficiaries are the assigns of the deceased Insured Person.

For life assurance contracts, and notwithstanding the provisions of point 2 above, the right to action by the beneficiary lapses at the latest 30 years after the death of the Insured Person.

Article L 114-2 of the French Insurance Code:

The time limit for action may be interrupted by any of the ordinary causes for interruption thereof, and by appointment of appraisers after a loss. Interruption in the time limit for action may also result from a registered letter with acknowledgement of receipt being sent by the Insurer to the Insured Person to obtain payment of the premium, and by the Insured Person to the Insurer to obtain payment of compensation.

Article L 114-3 of the French Insurance Code:

Notwithstanding Article 2254 of the Code Civil (French Civil Code), the parties to the insurance contract may not, even by mutual agreement, either change the length of the time limit for action, or add causes for suspension or interruption thereof.

Additional information:

The ordinary causes for interruption of the time limit for action indicated in Article L 114-2 of the French Insurance Code are set out in Articles 2240 to 2246 of the French Civil Code, as reproduced hereafter.

To learn of any potential updates of the aforementioned provisions, you may consult the official website: "www.legifrance.gouv.fr".

Article 2240 of the French Civil Code:

Recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action.

Article 2241 of the French Civil Code:

Instigating legal proceedings, even summary proceedings, interrupts the time limit for action and the time limit beyond which rights lapse.

The same applies when the matter is brought before an incompetent jurisdiction, or when the deed of referral to the jurisdiction is cancelled through procedural irregularity.

Article 2242 of the French Civil Code:

Interruption resulting from instigating legal proceedings is effective until the proceedings end.

Article 2243 of the French Civil Code:

The interruption is null and void if the petitioner withdraws the petition or lets the proceedings lapse, or if the petition is dismissed definitively.

Article 2244 of the French Civil Code:

The time limit for action or the time limit after which rights lapse is also interrupted by protective measures being taken pursuant to the French Code of Civil Enforcement Procedures (Code des procédures civiles d'exécution) or by an enforcement being ordered.

Article 2245 of the French Civil Code:

One of the jointly and severally liable obligees being summoned or notified through legal proceedings or through an enforcement order, or recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action against all of the others, even against their heirs. Conversely, one of the heirs of a jointly and severally liable obligee being summoned or notified, or that heir recognising such a right does not interrupt the time limit for action with regard to the other co-heirs, even for mortgaged debt, if the obligation is divisible. Such summons/notification or such recognition interrupts the time limit for action with regard to the other co-obligees only for the share for which that heir is liable. In order to interrupt the time limit for action for the entire obligation with regard to the other co-obligees, the summons or notification needs to be made to all of the heirs of the deceased obligee, or all of the heirs need to recognise the right;

Article 2246 of the French Civil Code:

Summons or notification made to the main obligee, or the main obligee recognising the right in question interrupts the time limit for taking action against the guarantor.

SUBROGATION

The Insurer is subrogated to the rights and actions that the Insured may have against the Third Party responsible for the loss, in the limit of the amount of compensation that the Insurer has paid. In case Subrogation could not operate in favour of the Insurer because of the Insured, the latter will be relieved of the obligations regarding the Insured in respect of the Subrogation that would have been possible.

ANTI MONEY LAUNDERING

The controls that we are legally required to carry out as part of anti money laundering and to combat the financing of terrorism, especially cross-border flows, may lead us at any time to ask you for explanations or supporting documents, including concerning the acquisition of insured goods.

COURTS OF COMPETENT JURISDICTION – GOVERNING LAW

The pre-contractual and contractual relations are governed by French law and primarily by the French Insurance Code.

Any legal action relating to this contract shall be brought before French courts which have exclusive jurisdiction. However, if you are domiciled in the Principality of Monaco, the Monaco Courts shall have sole jurisdiction for disputes you and us.

OPTION OF CANCELLATION

If you took out your contract remotely:

Sale of your insurance contract by telephone, by mail, or over the Internet is governed by Articles L. 112-2-1 and R. 112- 4 of the French Insurance Code (Code des Assurances).

The following constitute remote insurance operations as defined by Article L.112-2-1 of the French Insurance Code: providing insurance operations to a subscriber who is a natural person, and who is acting outside any commercial or business activity, in the context of a remote system of sale or of provision of services that is organised by the insurer or the insurance intermediary who, for the contract in question, exclusively uses remote communications techniques up to and including the signing of the contract.

It is specified that the applicable rules for remote sales apply:

- only to the first contract, for fixed-term contracts followed by successive distinct operations or by a series of distinct operations that are of the same type and that are staggered over time;
- only with a view to and during signing of the initial contract for contracts that are renewable by tacit renewal.

Pursuant to the applicable provisions for remote sales of financial services, you are informed as follows:

- that a fund exists for covering victims of terrorism and of other offences (fonds de garantie des victimes des actes de terrorisme et d'autres infractions) as indicated in Article L. 422-1 of the French Insurance Code;
- that a fund exists for covering damage, injury, or loss consequent upon prevention, diagnosis, or treatment provided by healthcare professionals practicing in private practices (fonds de garantie des dommages consécutifs à des actes de prévention, de diagnostic ou de soins dispensés par les professionnels de santé exerçant à titre libéral) as indicated in Article L 426-1 of the French Insurance Code;
- that a national compensation bureau exists in France known as the Office national d'indemnisation des accidents médicaux, des affections iatrogènes et des infections nosocomiales (ONIAM) for paying compensation for medical accidents, iatrogenic diseases or disorders, and nosocomial (hospital-acquired) infections as indicated in Article L1142-22 of the French Public Health Code (Code de la Santé Publique);
- that you have a right to cancel throughout a cooling-off period of 14 full calendar days starting either as from the date of remotely signing/entering into the contract, or as from the date of reception of the "Specific Provisions" ("Dispositions Particulières") and of the "General Provisions" ("Dispositions Générales") if that date is later than the date of signing, without having to give any reason or having to bear any penalties;
- that the contracts to which the right of cancellation applies may not start being performed by the parties before the end of the cooling-off period without the consent of the policyholder. You have manifested your will for your contract to take effect on the date appearing in the "Specific Provisions". A subscriber who has asked for the contract to start being performed before the expiry of the cooling-off period and who makes use of their right of cancellation, should pay for the fraction of premium or of subscription that corresponds to the period for which the risk has been covered; in addition, the Terror Attack (Attentats) contribution to the fund for covering terrorism victims (Fonds de garanties des victimes des actes de terrorisme) remains payable.

A subscriber who wishes to exercise their right of cancellation under the above-mentioned conditions, may use the letter template given below, as duly filled in by the subscriber.
