Limits of cover

Settlement – acknowledgement of liability

You should not accept any acknowledgement of liability, nor any settlement, without our prior and written agreement. However, simply acknowledging the materiality of certain facts is not considered to be an acknowledgement of liability, nor is the fact of having procured emergency help for a victim when this is an act of assistance that anyone would have a moral duty to provide.

You should advise us within 5 working days of any event likely to incur your civil liability, unless there is an unforeseen event or a case of *force majeure*; if this deadline is not adhered to and because of this we sustain a loss, then your cover will lapse.

Proceedings

If legal action is taken against you, we will ensure your defence and will supervise the proceedings for the facts and damage which come within the scope of the contract herein.

However, you may join in the lawsuit as long as you can establish a separate interest that is not taken charge of pursuant to the contract herein.

The mere fact of entering an appeal in your defence as a precaution may under no circumstances be interpreted in itself as an acknowledgement of cover, and in no way implies that we agree to be liable for the harmful consequences of events which would not be explicitly covered by the contract herein.

Even if you fail in your obligations after an accident, we are bound to compensate the people to whom you are liable. Nevertheless, in these cases, we retain the right to take legal action against you for reimbursement of all the sums that we have paid or provided on your behalf.

Redress

Insofar as the means of obtaining redress are concerned:

- We are entitled to act without reference to yourself before the civil, commercial or administrative jurisdictions, in relation to the cover provided under this contract,
- Before the criminal jurisdictions, redress may only be sought with your agreement,
- if the lawsuit pending before a criminal jurisdiction no longer relates to any interests but civil interests, refusal to give your agreement to our exercising the anticipated means of obtaining redress entails a right for us to claim compensation from you equivalent to the loss which resulted for us.

Costs of proceedings

We will be liable for the costs of the proceedings, discharges and other settlement costs. However, if you are ordered to pay a sum in excess of that of the cover, each of us shall bear these costs in proportion to their respective share in the sentence.

7/ Excluded risks for all benefits

Medical expenses are not reimbursed if consequent to the following events or situations:

- **war whether civil or not, riots or demonstrations**
- **criminal proceedings against the Insured**
- **active participation of an insured person to riots or strikes**
- **nuclear risks**
- **alcoholism or drunkenness, use of non-prescribed drugs**
- **any intentional act which may provide benefits**
- **duels, bets, crimes, fights (except self-defence)**
- **practise of the following sports: bobsleigh, skeleton, off-piste winter sports, mountaineering, competition luge, air sports as well as sports resulting from participation or training to official competition or games which are organised by a sport federation**

- activities when an insurer is banned from providing a contract or an insurance service due to a sanction, restriction or prohibition provided by conventions, laws or regulations, including those decided by the United Nations Security Council, the European Union Council or any other applicable national law,
- activities when they are subject to any sanction, restriction total or partial embargo or prohibition provided by conventions, laws or regulations, including those decided by the United Nations Security Council, the European Union Council or any other applicable national law. It is understood that this provision only applies in the case where the insurance contract or insured goods and/or activities fall within the scope of the decision concerning the restrictive sanctions, total or partial embargo or prohibition, and
- the absence of random.

Limits applicable in case of *force majeure*

We are not liable in case of default of providing assistance benefits consequent to *force majeure* or the following events: War – foreign or not -, notorious political instability, demonstrations, riots, terrorist acts, reprisals, restrictions to free circulation of persons and goods, strikes, explosions, natural disasters, nuclear risks, nor in delays resulting from the same causes.

8/ Basis of the insurance contract

This contract is governed by the *French Code des Assurances*.

The definition of benefits, pricing and rules of enforcement concur with the laws and regulations regarding French Sécurité Sociale in force at the date of effect of the insurance contract.

TIME LIMIT OF ACTIONS STEMMING FROM THE INSURANCE CONTRACT

The provisions relating to the time limit within which action stemming from the insurance contract may be taken are set out by Articles L 114-1 to L 114-3 of the French Insurance Code (Code des assurances), as reproduced below:

Article L 114-1 of the French Insurance Code:

Any actions stemming from an insurance contract are time barred two years after the event from which the actions stem.

However, this time limit only starts running:

- 1 In the event of reticence/concealment, omission, misrepresentation or inaccurate declaration of the risk incurred, from the date when the Insurer learned of the said risk;
- 2 In the event of an insurance loss, from the date when the interested parties learned of it, if they prove they were unaware of it prior to that date.

When the action by the Insured Person against the Insurer is caused by recourse by a third party, the time limit for action only starts running from the date when the third party takes legal action against the Insured Person or has received compensation from the Insured Person. The time limit for action is increased to 10 years in life insurance contracts when the beneficiary is a person distinct from the Contrat holder and, in insurance contracts for personal accidents, when the beneficiaries are the assigns of the deceased Insured Person.

For life assurance contracts, and notwithstanding the provisions of point 2 above, the right to action by the beneficiary lapses at the latest 30 years after the death of the Insured Person.

Article L 114-2 of the French Insurance Code:

The time limit for action may be interrupted by any of the ordinary causes for interruption thereof, and by appointment of appraisers after a loss. Interruption in the time limit for action may also result from a registered letter with acknowledgement of receipt being sent by the Insurer to the Insured Person to obtain payment of the premium, and by the Insured Person to the Insurer to obtain payment of compensation.

Article L 114-3 of the French Insurance Code:

Notwithstanding Article 2254 of the Code Civil (French Civil Code), the parties to the insurance contract may not, even by mutual agreement, either change the length of the time limit for action, or add causes for suspension or interruption thereof.

Additional information:

The ordinary causes for interruption of the time limit for action indicated in Article L 114-2 of the French Insurance Code are set out in Articles 2240 to 2246 of the French Civil Code, as reproduced hereafter.

To learn of any potential updates of the aforementioned provisions, you may consult the official website: "www.legifrance.gouv.fr".

Article 2240 of the French Civil Code:

Recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action.

Article 2241 of the French Civil Code:

Instigating legal proceedings, even summary proceedings, interrupts the time limit for action and the time limit beyond which rights lapse.

The same applies when the matter is brought before an incompetent jurisdiction, or when the deed of referral to the jurisdiction is cancelled through procedural irregularity.

Article 2242 of the French Civil Code:

Interruption resulting from instigating legal proceedings is effective until the proceedings end.

Article 2243 of the French Civil Code:

The interruption is null and void if the petitioner withdraws the petition or lets the proceedings lapse, or if the petition is dismissed definitively.

Article 2244 of the French Civil Code:

The time limit for action or the time limit after which rights lapse is also interrupted by protective measures being taken pursuant to the French Code of Civil Enforcement Procedures (Code des procédures civiles d'exécution) or by an enforcement being ordered.

Article 2245 of the French Civil Code:

One of the jointly and severally liable obligees being summoned or notified through legal proceedings or through an enforcement order, or recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action against all of the others, even against their heirs.

Conversely, one of the heirs of a jointly and severally liable obligee being summoned or notified, or that heir recognising such a right does not interrupt the time limit for action with regard to the other co-heirs, even for mortgaged debt, if the obligation is divisible. Such summons/notification or such recognition interrupts the time limit for action with regard to the other co-obligees only for the share for which that heir is liable. In order to interrupt the time limit for action for the entire obligation with regard to the other co-obligees, the summons or notification needs to be made to all of the heirs of the deceased obligee, or all of the heirs need to recognise the right;

Article 2246 of the French Civil Code:

Summons or notification made to the main obligee, or the main obligee recognising the right in question interrupts the time limit for taking action against the guarantor.

SUBROGATION

The Insurer is subrogated to the rights and actions that the Insured may have against the Third Party responsible for the loss, in the limit of the amount of compensation that the Insurer has paid. In case Subrogation could not operate in favour of the Insurer because of the Insured, the latter will be relieved of the obligations regarding the Insured in respect of the Subrogation that would have been possible.

ANTI MONEY LAUNDERING

The controls that we are legally required to carry out as part of anti-money laundering and to combat the financing of terrorism, especially cross-border flows, may lead us at any time to ask you for explanations or supporting documents, including concerning the acquisition of insured goods. Pursuant to the French Data Protection law (loi Informatique et Libertés) of 6 January 1978 amended by the law of 6 August 2004 and the French Monetary and Financial Code, you are entitled to access the data that concerns you by sending a letter to the French Data Protection Agency (Commission Nationale de l'Informatique et des Libertés (CNIL)).
